ASSISTENCE UPDATING BOOK

FLAT FEE PROJECT DESCRIPTION

\$200

I'm looking for someone to update a chapter in my Entertainment Industry book. I am seeking someone to research the topic of "Health Insurance and Other Benefits".

PROJECT DETAILS

I am now in the process of writing the second/revised/updated Edition to my Entertainment Industry book. Chapter 24, attached, needs a complete update when it comes to an actor's Health, Dental, Vision insurance and Pension, Disability and other related benefits. All of the information, or certainly the core of it, should (maybe must) come from the SAG-AFTRA website which posts all of the current information. Of course, third-party articles from major and highly reliable sources, ONLY, that discuss it can also be used for reference. This could turn into a series of projects, chapter by chapter.

The company will be displaying these advertisements at in-person events and online. What is the legality of doing so on a federal level and in California, based on current law?

PROJECT DETAILS

Provide a summary of the relevant laws at issue, an analysis of the legality of advertising these esports betting services, and a short summary of the findings (yes or no, is it okay to run these advertisements).

COMMENTS

Edward did an excellent job with my research project, providing clear recommendations and citations on what was a difficult assignment. Highly recommended!

SOCIAL MEDIA MANAGEMENT CONTRACT

FLAT FEE PROJECT DESCRIPTION

\$285

Client needs a contract under which she will manage and grow the Instagram account of her friend. Rather than a flat monthly rate, the parties have agreed that Client will be compensated as a percentage of the revenue that the friend generates through her Instagram page (via ad deals, endorsements, etc), with different percentage tiers based on the size of the page (e.g., 40% of revenue while the page has <800k followers, 30% while between 800k and 1M, etc). Both parties in California.

PROJECT DETAILS

I have an idea of how I would prepare this, but if you are interested, I would like you to draft the agreement.

The rate for this is lower than I would normally offer because I agreed to a 50% discount for this first project for a new client.

COMMENTS

EXCEEDED EXPECTATIONS

Thorough, accurate, and timely.

RESEARCH/RESPONSE TO MOTION TO DISMISS

FLAT FEE PROJECT DESCRIPTION

\$500

I need a response to a motion to dismiss based on a new filing to overturn an arbitration proceeding below. Plaintiff, an entertainment agent, was successful in the below arbitration against his client to pay commissions for the remainder of the client's career. Not only was the law wrongly applied, the matter should not have been subject to arbitration. We filed a new complaint for damages in the California court, and Defendant has filed a motion to dismiss arguing that a new complaint is the improper procedural mechanism.

PROJECT DETAILS

The motion to dismiss is very short, but the research is not limited to the California courts, where the complaint is filed because the Plaintiff relies on case law outside of California.

COMMENTS

EXCEEDED EXPECTATIONS

Chris's work is excellent and exceeds expectations. He provided a draft that is ready to submit, without any modifications. I will be using Chris again.
